QUALITY AND ENVIRONMENTAL POLICY

The Management of COLBUS FACILITY SERVICES.SL. whose activities are the design, assembly and maintenance of metal structures, pipes, air conditioning, ventilation and boilermaking, defines its Environmental and Quality Policy as an integral part of the Company's General Policy. This includes all the actions that are integrated into its Environmental and Quality Management System, with the following general objectives:

- Achieve excellence in the services provided to its clients.
- Comply with Environmental Legislation and other requirements that are applicable to the development of our activities and processes, including requirements associated with environmental aspects.
- Promote the Prevention of Contamination and the Continuous Improvement of the effectiveness of the SG through the procedures, instructions and actions necessary to ensure that COLBUS FACILITY SERVICES, S.L. complies with its Policy, goals and objectives.
- Promote the reduction of consumption and resources, promoting reuse and recycling at all levels of the company.
- • Raise awareness throughout the organization of COLBUS FACILITY SERVICES, S.L. about the need to maintain a respectful behavior with the environment and compliance with the requirements established by the Environmental and Quality Management System, from a life cycle perspective.
- Enhance the consideration of internal customers and suppliers between different sections of the company and the orientation of all staff towards the prevention of errors and the search for opportunities for improvement.
- Implementation of new digital solutions that give us greater control over our production system.
- Through the digitalization of the company, provide more information to stakeholders about the most representative aspects of the company.
- Environmental protection.

The Management expresses its commitment to the aforementioned principles, undertakes to allocate the necessary resources for the Continuous Improvement of the SG and to periodically review the Quality and Environmental Policy; and has the collaboration of all staff for the search, review and fulfillment of the Objectives.

This Environmental and Quality Policy statement is available to all employees of COLBUS FACILITY SERVICES, subcontractors and personnel working for or on behalf of the Organization and the general public.
